**Lupus Science & Medicine** is a global, peer reviewed, Open Access online journal that provides a central point for publication of basic, clinical, translational, and epidemiological studies of all aspects of lupus and related diseases. It is the first lupus-specific Open Access journal in the world and was developed in response to the need for a barrier-free forum for publication of groundbreaking studies in lupus.

The journal publishes research on lupus from fields including, but not limited to: rheumatology, dermatology, nephrology, immunology, pediatrics, cardiology, hepatology, pulmonology, obstetrics and gynecology, and psychiatry.
